

EContra One-Step[®]
(Levonorgestrel) Tablet, 1.5 mg

Emergency
contraception
when you need it

Now available here. Just ask!
We'll be glad to help you.

- **EContra One-Step** is a **morning-after pill** — sometimes referred to as an emergency contraceptive pill — that helps prevent pregnancy when taken within **72 hours (3 days)** of unprotected sex or a known birth control failure
- After taking EContra One-Step, you can resume or start your chosen method of birth control immediately — **no waiting required**¹
- EContra One-Step compares to **Plan B One-Step**[®]
- There is no age limit and you don't need an ID to buy EContra One-Step²
